

I came here today because...

We need real homeland security (food security)

Quality

I like to eat!!

Heritage

To develop a sustainable and just food system

To promote sustainability in my community

Meet patient needs

To support women's work

Support open spaces

Improve/increase community gardens

Grow and eat food (and encourage others to do so)

Bolster local economy

Better understand just local food systems

Local food is important and I'd like to learn more about local food systems
